

We hear a good deal these days about the high cost of living. Let me tell you something about the high cost of dying, as a result of Federal and State Inheritance Taxes and how to prepare to pay these taxes with least effort and inconvenience.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

SOME SHIVAR WATER TESTIMONIALS.

My wife was a chronic sufferer from gallstones. She was stricken critically ill, and nothing but morphine seemed to relieve her pain by rendering her unconscious. My physician, who is a good one, seemed to do very little good. Rev. A. J. Foster, pastor of Shandon Baptist Church, of Columbia, S. C., advised me to take her immediately to Shivar Spring. On consulting my physician he agreed that it would be best to do so without delay. In about three days, after arriving at the Spring, she was apparently relieved and had regained her appetite. She has suffered no ill effect of the trouble since. Please publish this for the benefit of sufferers.

I write to tell you how much good the Water is doing me. I am drinking it for gallstones. Have not had a spell since I began using the Water.

MRS. M. J. PARRIS.

Santer, South Carolina.
My mother drank about ten gallons of your Mineral Water, and finds it the best medicine for gallstones ever tried.

VILETA TISDALE.

Guyton, Georgia.
Water came and I went right to drinking it. Was in bed with indigestion, heart cutting up all kinds of pranks, was under the doctor's treatment. The first case of your Water relieved me. I thought I had drank all the water of all the springs in S. C., Ga., Fla., Ala., and Tenn., but this beats them all. Am eating anything I want, even sweet potatoes, something I have not eaten before in twenty years.

I wish to add my testimony to the wonderful curative powers of the Shivar Mineral Water. For a number of years my wife has been a sufferer from indigestion and nervous debility, and her condition had reached such a stage as to baffle the skill of our most eminent physicians. Her extreme nervousness and heart troubles at times were alarming and she had become almost a nervous wreck. The latter part of last May she began using the Shivar Water, which she has continued to this date with most satisfactory results.

In the interest of the afflicted I heartily state, seeing your advertisement in the Westleyan Christian Advocate I decided to try Shivar Spring Water in the case of my daughter, who had been a sufferer from a malignant type of sciatica, and could get no permanent relief from medicine. After using the Water a few weeks she has almost entirely gotten relief from pain. In this case it has been a great blessing.

I suffered with indigestion and kidney trouble, and a year ago was stricken with acute articular rheumatism; was helpless for months, and since using your Spring Water I am walking without any crutch and improving daily. Indigestion much relieved. I wish I could write Shivar Spring Water in the sky so that the world could become acquainted with it.

JAVA "LAND OF VOLCANOES" Country Has From Earliest Times Been Devastated by Turbulent Forces of Nature.

Java, with a territory about equal to New York state, has more volcanoes than any area of like size, and yet has more inhabitants than the states of New York, Pennsylvania, Illinois, Ohio and Texas combined. A bulletin of the National Geographic society finds that estimates of the active and extinct centers range from 100 to 150. "Everywhere in Java, in the huge crater lakes, in fissures that now are river beds, even in ancient temples, half-finished when interrupted by some fiery convulsion, are evidences of cataclysmic forces—such turbulent forces as now are in continuous hysteria in the valley of the Ten Thousand Smokes in Alaska and break their crustal surface cage intermittently in Java." The late eruption of the Klot (or Klatu) volcano cost the lives of 40,000 natives, destroyed 20,000 acres of crops by the flow of hot mud, and did millions of dollars' damage outside by the falling ashes. This devastation, however, was mild compared with a violent upheaval of 1883, when Mother Nature planted a Gargantuan infernal machine on the Java doorstep at Krakatoa. The terrific detonation was heard in Australia, as far away as 13,000 miles from New York, much of the island was blown into the air four times as high as the highest mountain, and the hole left under water where most of the island had been is so deep that a plumb line to touch bottom must be twice the length of the Washington monument. The isolation lessened the toll of lives, many of the 35,000 deaths having been due to the tidal waves that flooded distant shores.

STRETT FAIR OPENED HERE LAST NIGHT.

The World's Fair Shows opened a week's engagement last night at the Maxwell lot on South-Seventh St., under the auspices of Local Barbers' Union No. 893. The shows expected to open here Monday night but rains in Tennessee prevented the organization from making their trip schedule and they did not arrive in Columbus until late Monday afternoon, too late in fact to get the shows started for the evening.

The show is a good one, containing the usual street fair attractions and they did a good business last night. They will be here all of the week and give performances in the afternoon and every night.

MAN SAVES WIFE IN NICK OF TIME.

"My wife was unable to eat even the lightest food, and had fallen away to a living skeleton. She could not even keep doctor's medicine on her stomach and was tormented with pain. On the recommendation of a friend I bought a bottle of May's Wonderful Remedy and she is all right now and has gained forty pounds." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach and intestinal ailments, including appendicitis. One dose will cure or money refunded. Sold by Weaver & Harrington, and druggists everywhere.

FLAMINGO LONG A MYSTERY

To American Naturalists Belongs Honor of Learning Habits of Really Remarkable Bird.

Until comparatively few years ago the habits of the flamingo, without doubt the most remarkable of all living birds, were a tantalizing mystery to naturalists. In 1904 the first photographs of nesting flamingoes were secured by Dr. Frank M. Chapman of the scientific staff of the American Museum. The group was constructed from photographs and notes made during his investigations, and from specimens secured by him. Flamingoes occur in the warmer parts of both hemispheres. The American flamingo—the most brightly colored of the genus—ranges from the Bahamas and southern Florida to Brazil and the Galapagos.

For nests flamingoes erect curious mounds of mud, from 8 to 13 inches high, and measuring about 22 inches in diameter at the base and 14 inches across the top. A depression, about one inch deep, in the top of the nest, holds the single egg, laid in May. Both male and female incubate. When the young are hatched they are covered with a down like that of young ducks. They develop their brilliant plumage in their second year. For their first three or four days they remain in the nest, and are fed by the parents on predigested food. At about three weeks of age they enter upon their adult diet of crustaceans.

What Became of Her?

Theodosia, the only daughter of Aaron Burr, was a woman of superior mental accomplishments and strong affections. In her eighteenth year she was married to Joseph Alston, afterward governor of South Carolina. She was a devoted and adored wife. The trial of her father for treason and his virtual banishment not only depressed her spirits but fearfully weakened her already feeble constitution, yet his disgrace in no way lessened her affection. When he returned from Europe she resolved to visit him in New York. Embarking from South Carolina on the Patriot, on the thirteenth day of January, 1813, she was never heard of afterward. The schooner may have fallen into the hands of pirates; but as a heavy gun was experienced for several days soon after leaving Georgetown, the probability is that the craft sunk.

PETITION FOR PARDON.

The State of Mississippi,
Lowndes County.

To His Excellency, Gov. T. G. Bilbo, of the State of Mississippi.
We, the undersigned citizens of Lowndes county, State of Mississippi, hereby petition to your excellency to grant one Tom King (col.) who is now serving an eight (8) year term in the State penitentiary a pardon. The facts in brief are these: At the November term 1917 of the Circuit Court of Lowndes County, State of Mississippi, Tom King, a negro man of family, was charged, tried and convicted of assault with intent to kill and murder Mary King, his wife. It was the contention of the defendant that and while enraged over this fact his wife had been unfaithful to him he cut her severely with a knife. His wife is living, however, and we believe that the punishment inflicted has been severe enough. In view of the above facts, we the citizens of Lowndes County, request Your Excellency to grant Tom King a pardon and that he is restored to his liberty.

Respectfully submitted,
Joe J. Cook,
W. E. Johnson, Atty.
L. H. Hattchett, Pres. Road
Sept., and others. 9-21-19

DON'T OVERLOOK THIS.

A Careful Perusal Will Prove Its Value to Every Columbus Reader.

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptics. Now-a-days the public asks for better evidence than the testimony of strangers. Here is proof of which should convince every Columbus reader.

R. L. Powell, traveling salesman, 1115 Seventh St. N., Columbus, says: "I have used Doan's Kidney Pills on different occasions in the past for kidney trouble and I have decided they are a house-old medicine. Sometimes my kidneys would become profuse in passage and cause my back to ache. Doan's Kidney Pills have already cured these attacks when I have needed them and I gladly give this endorsement." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Powell had. Foster-McBurn Co., Mfrs., Buffalo, N. Y.

If your appetite is poor and your stomach and bowels out of order the remedy you need is Prickly Ash Bitters. It cleanses the system of bilious humors, sharpens the appetite and makes you feel fine. Price \$1.25 per bottle. Sold by all dealers.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVES' TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. One per bottle.

THE NORTHERN STATES HAVE ADOPTED THE 56" AUTO TRACK WAGON

Which Wagon?

The One that Fits the Road—or the One that Rides the Ridge

Recommended by the Government. The standardized wagon fits the prevailing track made by automobiles and is the wagon you will want to buy.

This Wagon is Out of Date. This 60" wide track wagon no longer fits the roads when they are muddy and soft.

WOULDN'T you rather buy the style of wagon recommended by your Government, especially when it is designed to pull easier, ride smoother, and last longer—the wagon that fits the roads and does not ride the ridge? The Standardized Weber "Auto-track" Wagon wears on itself, other wagons, automobiles, and rubber tires. The Weber fifth wheel and swivel coupling wagon is either sold at a price much too low or most other wagons are sold at prices much too high, quality considered. Compare and draw your own conclusion. To date the leading wagon manufacturers of America have sold at the most conservative estimate 100,000 standardized auto-track wagons. From this introduction it is but a step to universal use of this type of wagon. Wouldn't you rather be identified with progress and recognized as an up-to-date farmer by doing your hauling with such a wagon than to be classed as an unprogressive "back number" by buying a 60-inch wide track wagon, thereby helping some manufacturer and dealer to "unload" an obsolete type? Think it over—and then come and see us about a standardized auto-track Weber.

NUXATED IRON A DRIVING FORCE BEHIND KEEN SUCCESSFUL MEN AND WOMEN

When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply brim over when the blood is filled with iron. Nuxated Iron by enriching the blood and creating new red blood cells, strengthens the weakened tissues and helps to instill renewed force and energy into the whole system. Three million people use it annually as a tonic, strength and blood-builder.

MAKE THIS TEST

See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have most astonishingly increased their strength and endurance simply by taking iron in the proper form.
